Excellent puzzle game! The levels and rules are very simple, you are never overwhelmed by the complexity or number of options. Some puzzle games are hard in that way, like a 10.000 piece puzzle with only black pieces. This game does everything right in that regard. The levels also give a subtle hint on how they could be solved. It was a perfect balance of challenge and progression. Can only recommend, very enjoyable and fairly priced.. A heartwarming, challenging, puzzley masterpiece. The visuals are cute and the little monster's interactions with the scenery make me smile. The puzzles are challenging and satisfying.

Do yourself and these talented devs a favor and buy it. "A Good Snowman" is amazing.. This is an amazing game! The concept and controls are simple and easy to get the hang of. The puzzles are interesting and engaging. It also loads very fast so if you have a bit of time to kill, you aren't wasting it waiting for the game to load. The only issue I have had is that occasionally the character will overstep but that is easily fixed with undo. Highly recommend this game as another relaxing puzzle game to have on hand in your library if you enjoy that sort of thing. Make sure to hug a snowman today!
